AN INTERNATIONAL EXHIBITION ON HEATING, VENTILATION & AIR CONDITIONING AND REFRIGERATION

## BACKGROUND

### The one and only dedicated exhibition on Heating, Ventilation, Air-Conditioning, Air-Filtration & Purification & Refrigeration Systems in Bangladesh!

Globally, the HVAC system market is expected to reach USD 251.60 Billion by 2023, at a CAGR of 6.80% between 2018 and 2023. Factors that are driving the growth of the market include increasing demand for HVAC systems for reducing energy consumption, extreme weather conditions, government tax credit and rebate programs, and growing demand for HVAC systems to upgrade old systems. The heating, ventilation, air conditioning and Refrigeration (HVAC R) market is growing at a considerable rate due to technological developments for meeting consumer expectations, climate shift from historical records, and stringent government regulations. The growing trend of smart homes, development of energy efficient systems, and higher market penetration supported by green technologies are some of the factors contributing towards the growth of the HVAC R market in the coming years.

Bangladesh is not lagging behind. Considering the growing market opportunities Savor International is initiating HVAC R 2019, co-located with Safecon 2019, Power-Gen 2019, Renewable Energy Show 2019 and Water Management Show, 2019.

## Safe HVACR 2019, A PLATFORM FOR EXHIBITORS

Safe HVAC R 2019 aims to extend a platform for your organization to come in front of decision makers that spec and source billions of dollars for their plans and multiple projects. Exhibiting at Safe HVAC R 2019 will generate an opportunity for the exhibitors to engage in discussions, demonstrate and introduce their technologies, ideas, products and services in an interactive manner. Engagement of international exhibitors from potential export zones of Bangladesh may lead to a good opportunity for our HVAC R industry players to reach beyond domestic peripheral. Moreover, this exhibition will build attendance through 360 degree marketing campaigns that create millions of advertising impressions in print, direct email, e-mail, electronic media and so on.
